The diagram illustrates a file dependency structure. At the top is a grey box representing a header file: C:/Users/kemik/git/lvgl_t113/source/img/mikuimg.h. Below it are two white boxes representing source files. The left box is C:/Users/kemik/git/lvgl_t113/page/home_page.c, and the right box is C:/Users/kemik/git/lvgl_t113/source/img/mikuimg.c. Blue arrows point from each source file box up to the header file box, indicating that both source files include or depend on the header file.
